

DEADLY LIVER MOB

Come and yarn up about hepatitis C

...find out...

- (1) What it is
- (2) How you get it
- (3) How you avoid it
- (4) How you live with it
- (5) What you can do about it

The Deadly Liver Mob program provides hepatitis C virus education and referral to blood borne virus and sexually transmissible infections screening and treatment for Aboriginal communities.

'I thought it was good you know raising awareness of you know hepatitis and you know just harm minimisation and stuff like that you know. I thought it was good information.'

- Aboriginal client of Deadly Liver Mob
